

32 mm LDPE Fittings

A range of 32 mm fittings for low pressure irrigation and water systems. Used in conjunction with 32 mm I.D. low density polyethylene tubing.

Features

- Tapered entry on all barbed fittings for ease of installation.
- Operating Pressure range up to 300 kPa.
- UV stabilised material for long field life.

Applications

Installations where 32 mm poly tube is required i.e. longer run lengths or higher volume systems.
